25X1 35. [] LIAISON Received a call from Jean Christoff, Senate Select Committee on Intelligence staff, who referenced Mr. Blake's, Acting DDCI, recent letter regarding Agency travel regulations. Christoff said the letter referred to first class accommodations for heads of independent offices and operating officials, and Christoff asked how many Agency people were in this category.

Christoff also asked for five additional copies of recent unclassified Agency publications entitled "Soviet Commercial Operations in the West".

25X1 36. [] LIAISON Talked with Earl Eisenhower, Minority Staff Director, and Jean Evans, Senate Select Committee on Intelligence staff, regarding the meeting with Mr. Wells, DDO, set for 1 November at 11:00 a.m. Eisenhower and Evans told me the meeting was not focused on any particular case, but rather the staff members want to discuss counter-intelligence matters generally and, in addition, request a series of briefings for Select Committee Members on counterintelligence. I suggested that Mr. Wells might want to have [] C/CI Staff, at the meeting and Eisenhower indicated if that were Mr. Wells' wish that would be fine.

25X1 37. [] LIAISON Talked with Don Sanders, Senate Select Committee on Intelligence staff, to give him a status report on his outstanding requests for [] I told him I had the memorandum he requested from [] and would deliver it to him tomorrow.

25X1 38. [] LIAISON Lot Cooke, Senate Select Committee on Intelligence staff, called to say he had a document he wanted me to pick up on my next trip. I told Cooke I would be in the Committee offices tomorrow and would pick it up then.

26. (Unclassified - RLB) LEGISLATION Spoke with Keith Raffel, on the staff of the Senate Select Committee on Intelligence, to find out his next step regarding drafting of the travel allowances provision of a new draft CIA Act. He said he would be sending a new draft of this provision to me sometime next week. In response to my query, he said the Committee staff was still considering including in their draft charter a death gratuity provision, but had not decided for certain whether to do so. Regarding a provision in the charter for expanded firearms authority, Mr. Raffel said such a provision was included in their own latest working draft. Finally, he said the Committee was planning at this point to introduce a new charter sometime in January.

Request

25X1 27. [] LIAISON Received a call from Bill Miller, Staff Director, Senate Select Committee on Intelligence, saying that two of his staff people would like to come out and meet with Ted Shackley, ADDO, today or tomorrow to review several documents; specifically, deletions made in those documents and whether there was any possibility of checking on some of these deletions which were important to the staff's review of the material. After checking with Mr. Shackley, I set up an appointment for the staffers to meet with him at 4:00 p.m. tomorrow (Wednesday).

25X1 Miller also asked how we were doing on making arrangements for [] to be made available to the Committee. I told him that as I had indicated to him earlier, the House Committee on Standards of Official Conduct is interested in talking with [] and we have queried him [] It now appears 25X1 25X1 that [] will be in Washington either this Friday or early next week. (The likelihood is that it will be next week.) At that time we can make [] available to the House Committee in the morning and to the Senate Select Committee in the afternoon. Miller said this was quite acceptable to them. I told him that we were working out the arrangements for payment of [] travel expenses and Miller indicated that they would be happy to reimburse us for the cost of this travel. I said it appeared arrangements were fairly firm with the House Committee this time, but perhaps the next time there is a witness who is of interest to more than one committee, the Senate Select Committee could pick up the tab. 25X1
